

UOG Tech Challenge

Eventzee Scavenger Hunt — Project Demo

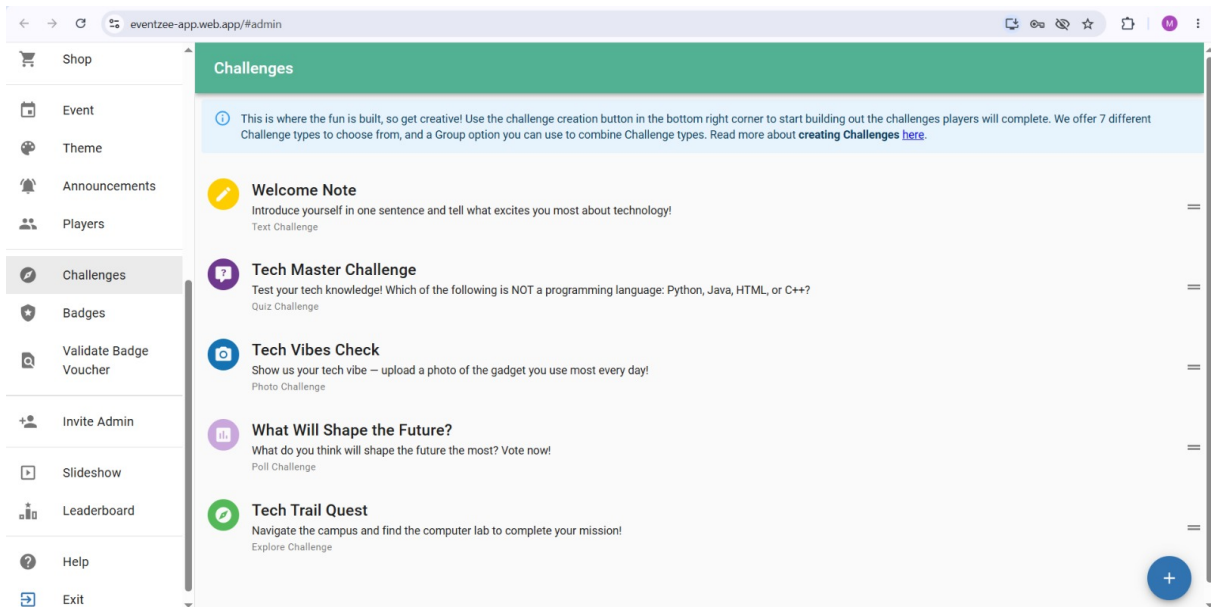

An interactive tech-based scavenger hunt designed for UOG students to explore campus, complete exciting digital challenges, and earn points!

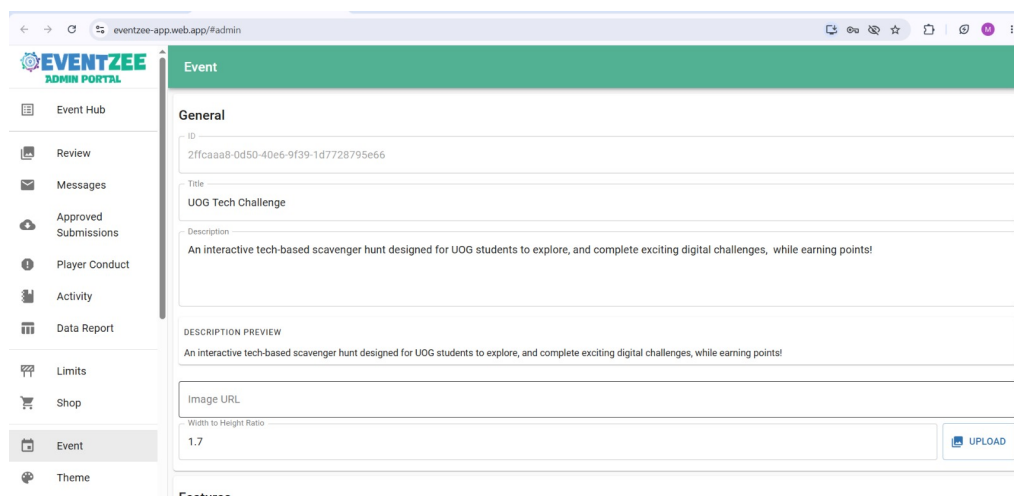

Prepared by: Bushra

Challenges Overview

Five different challenge types were created to make the event engaging and interactive, covering text, quiz, photo, poll, and exploration formats.

Admin panel showing all 5 challenges created for the event.

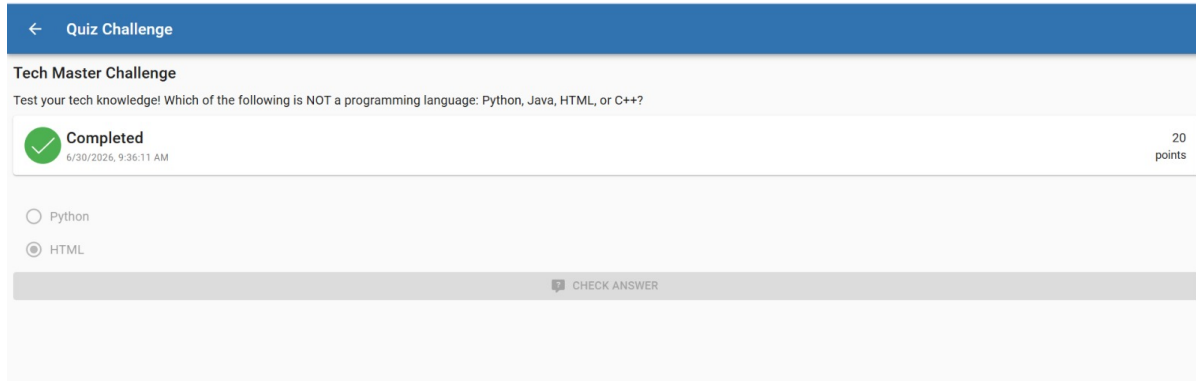

Event setup details — title, description, and image configuration.

Player Experience — Live Demo

Below are live screenshots showing the challenges as experienced by a player, including a completed quiz attempt and poll voting results.

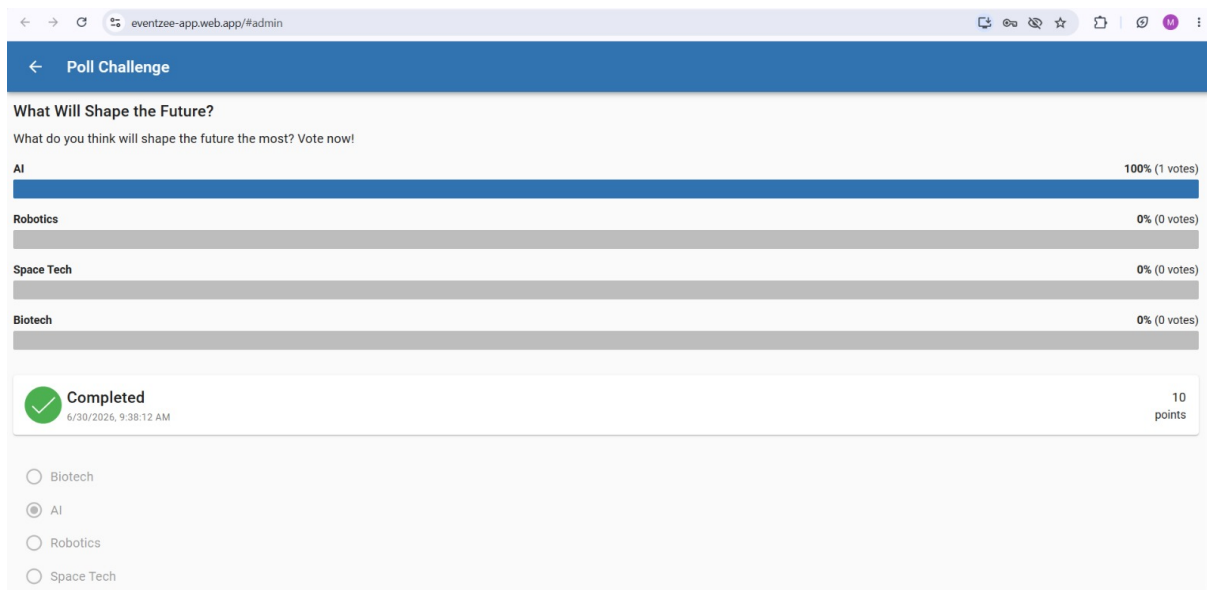

Quiz Challenge — Tech Master Challenge

The screenshot shows a mobile app interface for a 'Quiz Challenge'. At the top, a blue header bar contains a back arrow and the text 'Quiz Challenge'. Below this, the title 'Tech Master Challenge' is displayed, followed by the question: 'Test your tech knowledge! Which of the following is NOT a programming language: Python, Java, HTML, or C++?'. A green checkmark icon and the word 'Completed' are shown, along with the timestamp '6/30/2026, 9:36:11 AM' and '20 points'. Two radio button options are listed: 'Python' and 'HTML', with 'HTML' being selected. A 'CHECK ANSWER' button is at the bottom.

Player successfully answered the quiz and earned 20 points.

Poll Challenge — What Will Shape the Future?

The screenshot shows a mobile app interface for a 'Poll Challenge'. At the top, a blue header bar contains a back arrow and the text 'Poll Challenge'. Below this, the title 'What Will Shape the Future?' is displayed, followed by the question: 'What do you think will shape the future the most? Vote now!'. The poll results are shown as horizontal bars: 'AI' with 100% (1 votes), 'Robotics' with 0% (0 votes), 'Space Tech' with 0% (0 votes), and 'Biotech' with 0% (0 votes). A green checkmark icon and the word 'Completed' are shown, along with the timestamp '6/30/2026, 9:38:12 AM' and '10 points'. Four radio button options are listed: 'Biotech', 'AI', 'Robotics', and 'Space Tech', with 'AI' being selected.

Live poll results showing real-time voting on the platform.

Event Access — QR Code & Join Code

Players can join the event instantly by scanning the QR code below or entering the join code in the Eventzee app.

Join QR Codes

 Custom Join Codes are only available in non-trial events. Please [contact](#) the Eventzee team for more information.

QR Code

EB79AC

Join Code: EB79AC — scan the QR code or enter this code in the app to join the event.

This concludes the UOG Tech Challenge demo, showcasing the complete event setup and a successful player walkthrough using the Eventzee platform.
